Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-12, drawn to leads with holding and bending member, classified in class 720, subclass 653.
 - II. Claims 13-15, drawn to a fastening mechanism, classified in class 369, subclass 292.
 - III. Claims 16-19, drawn to an adapter, classified in class 720, subclass 652.
2. The inventions are distinct, each from the other because of the following reasons: Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as in an apparatus without the particular fastening mechanism disclosed in Group II and the particular adapter disclosed in Group III. Invention II has separate utility such as in an apparatus without the particular holding and bending elements disclosed in Group I and the particular adapter disclosed in Group III. Invention III has separate utility such as in an apparatus without the particular holding and bending elements disclosed in Group I and the particular fastening mechanism disclosed in Group II. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 2652

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
